AMERICA

Jobs and Careers Coalition

JOBS AND CAREERS COALITION

The Opportunity America Jobs and Careers Coalition is a Washington-based business coalition focused on career education and workforce development.

Members include employers and employer associations from a broad range of industries experiencing skills mismatches and worker shortages – IT, manufacturing, construction and hospitality, among others.

The coalition focuses on four core goals: shining new light on the need for workforce training, driving a skills agenda on Capitol Hill, highlighting successful state initiatives and changing national perceptions of technical careers and career training.
